Model: DVR4ENTPACK6

4 Camera DVR Kit with 1TB Hard Drive and Push Video Technology

CH1　　CH2

CH3　　CH4

* Monitor (LCD19LED) not included; available option.

The DVR4ENTPACK6 is a complete 4 channel surveillance package. It includes 4x 520TVL weatherproof cameras, making them ideal for any indoor or outdoor environment. The cameras also have 15m infrared range - perfect for areas with low light or for night recording. The DVR can record each camera at D1 resolution (704 x 576) in real-time (25 fps) and can be customised to automatically record over old footage, viewed over a windows PC network or viewed remotely over the Internet. All cabling, remote control and power supplies are included in the kit.

The included 1TB hard disk drive can record for approximately 16 weeks with all cameras set at D1 resolution at a recording rate of 6 frames per second, per camera.

The DVR4ENTPACK6 now supports Push Video notifications, allowing you to receive alarm and motion alerts on your smartphone over the internet - stay in the loop no matter where you are!

Don't wait for Email or SMS Alerts - Get Instant Notifications with Push Video
