

Watchguard 8 Channel Standalone Digital Video Recorder

This Watchguard 8 Channel DVR is our newest standalone analogue model, designed for commercial deployment. The DVR utilises H.264 video compression technology, maximising the hard drive efficiency as well as offering superior image quality, especially when compared with previous generation MPEG4 compression DVRs.

Model Features:

- USB Mouse Control with GUI OSD
- Intelligent Motion Recording
- H.264 Video Compression Technology
- Remote / Mobile Surveillance
- Live, Record, Playback, Backup and Network operation at the same time
- USB and network backup

* Monitor Not Included
* Mobile Not Included

Watch Over the Internet from Anywhere!*

This Watchguard™ Surveillance System is capable of offering mobile surveillance via many popular mobile models such as iPhone & BlackBerry, and devices running Windows Mobile, Android & Symbian operating systems.

Network surveillance can be accessed through a web browser.

* Broadband internet required for remote access.

**Monitor from your smart phone!
Camera access via web browser**
