

Watchguard 8/16 Channel Standalone Digital Video Recorders

These Watchguard 8 and 16 Channel DVRs are our new standalone analogue models, designed for commercial deployment. The DVRs utilise H.264 video compression technology, maximising the hard drive efficiency as well as offering superior image quality, especially when compared with previous generation MPEG4 compression DVRs.

Model Features:

- USB Mouse Control with GUI OSD
- Intelligent Motion Recording
- H.264 Video Compression Technology
- Remote / Mobile Surveillance
- Live, Record, Playback, Backup and Network operation at the same time
- CD/ DVD /USB and network backup

* Monitor Not Included
* Mobile Not Included

The DVRs are capable of offering mobile surveillance via many popular mobile platforms, supporting popular models such as iPhone, BlackBerry, WinCE, J2ME & Android.

Network surveillance can be accessed via the licensed software "Eagle Eyes" or through a web browser. The DVRs support Internet Explorer, Mozilla Firefox and Google Chrome web browsers.
