

Professional 200W LED Flood Light

Model: LEDFLP200W XK

Product Overview

The ENSA LEDFLP200W XK series of LED flood lights comprises durable, weatherproof and long life LED lights, fit for use in industrial, commercial and business applications.

They are an energy efficient alternative to conventional high power consumption lights such as HPS (high-pressure sodium), metal halide and halogen flood lights and can save up to 70% on power costs.

Each product in the LEDFLP200W XK series features aluminium and UV stabilised plastic construction with IP65 rating, snap-fit tempered glass front with weather sealing and a highly customisable adjustable mounting bracket.

This ENSA LED flood light has been assembled and quality tested in Australia to ensure continued performance and reliability throughout the lifespan of the light.

The LEDFLP200W XK series is offered in a variety of colour temperatures, subject to availability.

Specifications

Model: LEDFLP200W XK		
Optical	Luminous Flux	20000 lumens
	Luminous Efficiency	> 100 lm/W
	Colour Temperature	4500K (LEDFLP200W45K)
	Colour Rendering Index	> 90
	Beam Angle	120°
	Light Decay	<15% at 30,000 hours
	Rated Lifespan	50,000 hours
Electrical	LED Power Consumption	200W
	Input Voltage	85-265VAC
	Power Factor	> 0.9
	Dimmable	Optional (DALI)
General	Ingress Protection	IP65
	Plug / Socket / Base	Standard plug
	Reflector / Diffuser	Aluminium internal reflector; clear glass window
	Housing Adjustments	180° angle adjustable; 2 point fastened
	Operating Environment	-20° ~ 40°C
Dimensions	340 x 395 x 187mm
