

8 Zone Alarm Panel & LCD Keypad Expandable to 64 Monitored Zones

The WGAP864 is a versatile 8-zone alarm panel with 8 partitions and can be expanded with WGAEXPAND modules to monitor 64 zones. There is a dedicated panic zone, monitored siren output, auxiliary power outputs and 5 (expandable to 25) programmable outputs that may be programmed to perform various trigger/switching functions. The alarm panel provides immediate notification of burglary, fire, medical & panic conditions. Attach the optional Voice Module to receive messages and give commands through a wired phone line.

Product Features:

- Eight programmable, end of line supervised zone inputs
- 8 Partitions
- Five programmable outputs on alarm panel. Expandable to twenty-five when using Wired Zone Expander module
- Programmable loop response time
- Auto arm/disarm capability per partition and by day of the week. The panel can be programmed to arm/disarm at a pre-determined time
- Optional tamper reporting per zone using double end of line resistors (12k and 4k7)
- Optional programmable digital telephone communicator that supports most industry standard formats.
- EEPROM memory retains all data in the event of a total power failure
- Dual reporting provides for duplicated reporting to two independent central base stations
- 3 quick arm modes: Away/Stay with no Exit delay/Stay with exit delay
- 32 user codes expandable to 128
- Log capable of 500 events expandable to 1000
- False alarm reduction features

OPTIONAL 8-16 Zone Expander

Model: WGAP864EXP816

- Master board allows further expansion through WGAP864EXP1664 modules.
- 8 wired, end-of-line supervised zone inputs
- Optional tamper per zone using double end-of-line resistors
- Programmable loop response time
- Preconfigure for zones 9-16
- Plugs directly into panel

OPTIONAL 16+ Zone Expander

Model: WGAP864EXP1664

- Each slave board provides a further 8 zones to a total of 64, requiring a master WGAP864EXP816 module
- 8 wired, end-of-line supervised zone inputs
- Optional tamper per zone using double end-of-line resistors
- Programmable loop response time
- Dedicated box tamper input
- Expander supply voltage monitoring

kit
WGAP864KIT

8 Zone Hardwired Alarm Kit for COMPLETE Home/Commercial Building protection

If you're looking for complete home or commercial building protection, you **NEED** one of the Watchguard™ Complete Hardwired Alarm Systems. Available in both an 8 zone panel and a 16 zone panel, each kit also contains an internal and external siren, motion sensors, reed switches, emergency panic button and all necessary power supplies and cabling. These detectors and sirens help protect **ALL** areas of your home or building by performing functions such as monitoring rooms and offices for movement, and detecting when doors or windows are opened. This gives you greater peace of mind that your building is secured against thieves, burglars and vandals.

1 x 8 Zone Alarm Control Panel with LCD Keypad

1 x Outdoor Siren/Strobe

3 x High Quality PIR Sensors

1 x Indoor "Top Hat" Piezo Siren

4 x Surface Reed Switches for Doors or Windows

1 x Emergency Panic Button

1 x 7Ah Lead Acid Backup Battery
1 x 100M of 4 Core Alarm Cable
1 x 16VAC Power Supply
