

SOLAR POWERED ENTRANCE LIGHT WITH MOTION SENSING ACTIVATION

The Watchguard™ Solar Powered Entrance Light is commonly used to illuminate pathways and entrances, making it easier for you to see steps or obstacles, find your keys or unlock doors etc. The light switches on automatically for 60 seconds when motion is detected via the wide angle PIR motion sensor. The internal battery is recharged by a top-mounted solar panel. With no electricity bills and no wiring requirements, the Watchguard™ Solar Power Entrance Light is a low cost and user friendly product.

No Wires!

FEATURES:

- *Fully charged within 8 hours in sun (optional AC QUICK CHARGE ADAPTOR* also available)*
- *Activated when movement detected*
- *PIR movement detection up to 8m*
- *Automatically turns off after 60 secs*
- *No electricity costs*
- *Simple Installation*
- *Low Maintenance*

IDEAL FOR:

**Charge During
The Day**

**No Movement
Detected**

**Sensor Activated
Entrance Light**

Ideal For : Front Entrance • Garage • Patios • Gardens • Pathway

SYSTEM INCLUDES:

1 x Solar Powered Entrance Light with Motion Sensing Activation

- Super bright white LED Light
- Passive infrared motion detector (up to 8m detection range)
- Light ON when motion detected & automatically OFF after 60 sec
- From a full charge expect up to 300 x 60 second trips
- Weatherproof housing

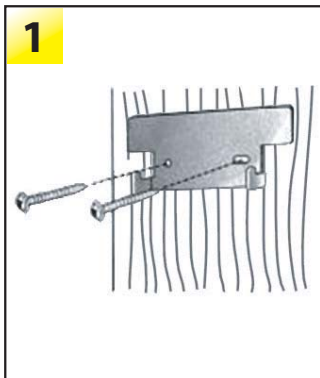

1 x Lockable Mounting Base Plate with Key Release

- Allows easy hook and un-hook of the solar entrance light on your wall in case you need to re-charge elsewhere due to poor sunlight

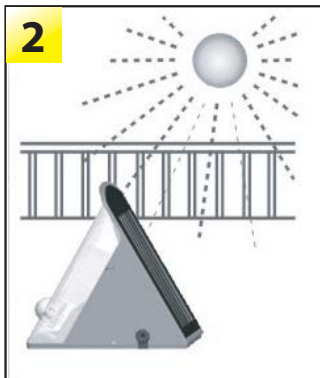

2 x Wall Screws & Masonry Plugs

- Screws and anchors are supplied to secure the mounting plate on your wall to either timber / brick / concrete

SYSTEM INCLUDES:

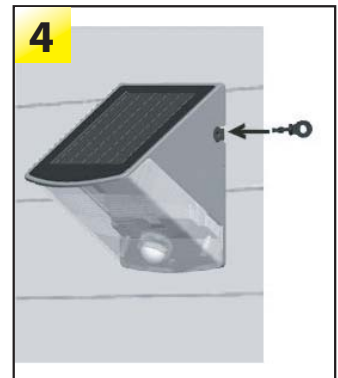

1
Install the metal base unit on the surface where the Solar Entrance Light will be mounted.

2
It is recommended that you fully charge the battery in your Solar Entrance Light before the first use. Simply place it under the sun.

3
After fully charged, hook your Solar Entrance Light on the metal base. (or you can carry the light to anywhere just like a torch!)

4
Your Solar Entrance Light is now ready to use! For security protection, you can lock the light by using the supplied keys.
